

**Downing on Honor List**  
Charles Downing, of 1730, Glenburn Ave., was named to the dean's honor list at Santa Barbara College last semester, with a 2.6 average, according to an announcement from the college. He is a junior in physical education.

**Produce Man Left In Cold By Attackers**

A Torrance produce dealer who went to meet some men regarding purchase of a freezer, was left out in the cold last week, he told police.  
Robert C. Davis, of 1011 Portola Ave., said a friend of his told him of a freezer he could purchase and offered to introduce him to the owners.  
Davis said he brought \$532 to a Wilmington motel to meet the men, and there he was attacked and robbed by two men. After the altercation they fled to a nearby car, he reported.

**Sepulveda Gardens Homeowners Name Eileen Goetz President**

By AGNES MOSELEY  
FR 5-4304  
Mrs. John V. (Carlotta) Agapito, of 22330 Marjorie Ave., has been selected section chairman of Victoria Terrace for the Community Chest drive which will have its kick-off on Nov. 4. Carlotta has recruited a full staff of assistants.  
As announced last week, Mrs. Evan (Pat) Chatfield, of 22323 Ellinwood Dr., is the section chairman in Sepulveda Gardens for the Community Chest drive. Pat tells me that she still needs a few volunteers for the Nov. 4 drive. If you are a resident of Sepulveda Gardens and have a few hours to spare and wish

to donate them to a good cause, call FR 5-4228, as she can use your help.  
A discouragingly small number (only 21), of Sepulveda Gardenites attended the Homeowners Assn. meeting on Tuesday at Seaside School auditorium. The number present constituted a quorum, however, so the business meeting was carried forward as planned. Amendments to the original by-laws were ratified and officers elected. Eileen Goetz, of 5029 Milne Dr., was elected president; Henry Ross, of 4802 Milne Dr., vice president; Frank Kollgoff, of 4709 Milne Dr., treasurer, and

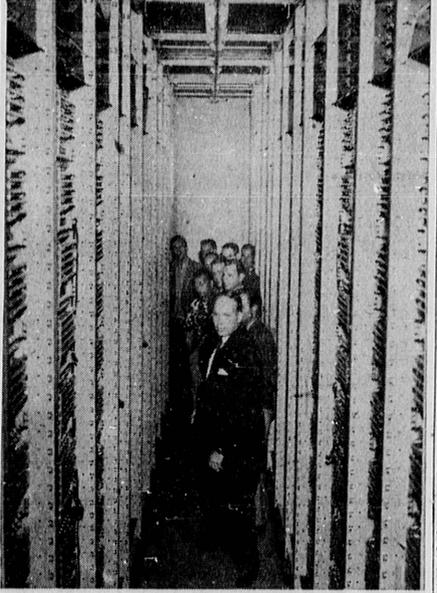

Agnes Moseley, of 22505 Leyte Dr., secretary. A project agenda was discussed and included the installation of street lights, traffic control within the tract, and the advisability of petitioning for the change of the easement, which lies between Milne Dr. and Mindora Dr., from a boulevard to some other use.  
The 21 persons present discussed the need for passing the two bond issues which constitute the ballot for tomorrow's special election. It was pointed out that our Police Department operates in terribly cramped quarters, and that our city hall area is only about 11,000 square feet, a space which is inadequate when Torrance had about half of its present population). The need for more recreation facilities was stressed and the proposed swimming pool was recognized as a means of solving some of the needs of the youth of the community.  
A petition was circulated asking our City Council to continue to take action to have the barricade at Ave. E and Palos Verdes Blvd. removed.

EILEEN GOETZ

COUNTY OF LOS ANGELES  
I, DONALD P. BAKER SMITH, Notary Public in and for said County and State, residing therein, do hereby certify that the foregoing is a true and correct copy of the certificate of business of the above named firm, as the same appears in the files of my office.  
WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal, and the date of this certificate is first above written.  
DONALD P. BAKER SMITH  
Notary Public in and for said County and State.  
My Commission Expires May 22, 1955.  
M-Sept. 27; Oct. 4, 11, 18, 1954.

TELEPHONE MAZE . . . Wire Chief Cliff Pedersen of the local office of Pacific Telephone shows a group of Junior Chamber of Commerce members through the plant as part of the JayCees' evening program. The Junior boosters were given a tour of the entire plant at Cravens and Engracia Aves, by Pedersen and Manager R. S. Fyle.

Bobby Woerner, of 22609 La-deene Ave., celebrated his tenth birthday on Oct. 8 by entertaining his friends at an after-school supper. Jimmy and Johnny DeDominic, Frank and George Sweeney, Steve Witz, Clayton Moore and Arnie Wood enjoyed a horseshoe tournament before a winner supper and a glider meet afterwards. In the horseshoe tournament play-off Jimmy DeDominic and Bobby Woerner were champions. The boys enjoyed the traditional birthday cake after the glider meet. Bobby's younger brother, Larry, could not be present as he has developed an allergy in this area and spends much of his time with relatives in San Fernando Valley.

Pat and Brantley Galloway and their son, Jeff, helped Margaret Miller, 22633 Lupine St., to celebrate her birthday on Oct. 12. Brantley Galloway, a master sergeant in the Air Force, is Margaret's brother. The Galloways arrived last week from Orlando, Fla., and will visit friends and family here until Oct. 29, when Brantley leaves for an overseas assignment in England.

The Y-wives of Torrance, a branch of the YWCA, extend through their secretary, Betty Sandstrom, a cordial invitation to all of us who live in West Torrance to join them for their meetings on Friday mornings. The Y-wives vary their activities with modern dance classes, exercise classes and craft classes. They have a child care center at the Methodist Church at 1551 El Prado. You may leave your child at this center and participate in a morning, from 9:30 to 11:30, of exercise or relaxation for 50 cents per session. Membership in the YWCA costs \$2 per year. For more information you may call the YWCA at FA 8-5914 or Betty Sandstrom at FA 8-1979.

Pat Chatfield, of 22323 Ellinwood, and two guests, Mary Pollack and Agnes Moseley, attended a very lovely luncheon and fashion show on Tuesday, Oct. 12, at the Ambassador Hotel. The fashion show, planned by CBS and Saks Fifth Avenue, was sponsored by the Kappa Alpha Theta sorority to raise funds for one of their philanthropies, the Institute of Logopedics in Kansas City, Mo.

Today marked the opening of Irene and Roy Kees' paint and home supply store in the shopping center at Palos Verdes and Sepulveda Blvds. The Kees reside at 4615 Moresby Dr. with their daughter, Maxine Wilson, and her family; husband Don and three children, Cheryl, Mark and Joy.

Some of the members of the election boards for this area attended a class held at Narbonne High School in Lomita on Monday, Oct. 11, to gain information and instruction on election Nov. 2 general election. The registrar of voters office sponsored the class in which recent changes in election laws were fully explained and a new method of tallying was demonstrated. Those who attended came away with a new understanding of election procedures and a real appreciation for the function of the registrar of voters office.

Don't forget, folks, tomorrow is the date of the special election here in Torrance. The ballot is extremely short, only two bond issues, but its importance is equal to any election in which we will participate this year. In my opinion it is of the greatest importance to pass both bonds by voting "yes" on them. Our civic development must keep pace with our population growth. The new civic center and swimming pool have become necessities.

"The people of Union Carbide" referred to in this advertisement, will soon include the people who will operate the CARBIDE plant under construction at Torrance.

**The metal that makes time stand still**

Thanks to chromium, steel now serves you with strength and beauty that lasts a lifetime

**IN TIME**, one of man's most useful materials—steel—is often the victim of such destructive forces as rust, corrosion, heat, or wear.

**THESE NATURAL ENEMIES** of steel now are mastered by the metal called chromium. When the right amount of chromium is added to molten steel, the result is strong, lustrous stainless steel that defies the ravages of time.

**IN HOMES, TODAY**, stainless steel is a shining symbol of modern living. It brings us care-free sinks, gleaming tableware and kitchen utensils—all with beauty that lasts a lifetime.

**IN INDUSTRY**—Food is prepared in super-sanitary stainless steel equipment. Streamlined trains and buses are made of this wonder metal. Vital parts of jet planes

that must withstand both blazing heat and sub-zero cold are made of tough, enduring stainless steel.  
**SERVING STEEL... AND YOU**—The people of Union Carbide produce alloys of chromium for America's steel-makers. This is another of the many ways in which UCC transforms the elements of nature for the benefit of everyone.

**FREE:** For the full story of the everyday miracles made possible by alloying metals such as chromium, write for the illustrated booklet, "Hot-Metal Magic." Ask for booklet G.
